# ABOUT US

**Cascadia Folk Choir** is an all-inclusive, beginner-friendly community choir and musical practice space inspired by the community singing and song circle movement. No audition. No experience required. No one turned away for lack of funds.

We believe everyone deserves access to the magic of singing together — regardless of background, skill, or means. Our rehearsals are a welcoming space for all “folk,” whether seasoned performer or self-proclaimed “non-singer.”

All songs are taught by ear (no sheet music), and we focus on one song per session, allowing time to warm up, connect, explore meaning, and truly sing well together.

At the end of each season, members are invited to participate in an optional community-sing style concert — an immersive, interactive event where the audience becomes part of the choir.

Our guiding purpose is simple yet profound: to cultivate belonging, creativity, and collective healing through shared song.
